FEATURES

SAFER

The Best and Brightest in Lighting Technology

- ♦ Three Modes of Operation.
Choice of 26 flash patterns per mode.
- ♦ Internal SignalMaster - Directional Warning.
- ♦ Dimming provides additional officer safety.
- ♦ Adjustable alley and takedown lights.
- ♦ Front and rear cut-off may be used in Modes One, Two, or Three.

SMARTER

ROC Solid Construction

- ♦ ROC (Reliable Onboard Circuitry) technology eliminates 85% of potential failure points in the lightbar.
- ♦ ROC technology reduces repair cost and increases the hours your squad car stays on the road.

SIMPLER

Simple to Customize and Configure

- ♦ LEGEND can be reconfigured in minutes, right on the vehicle.
- ♦ No removing or rewiring modules.
