

MDE2 OPTIONAL ACCESSORIES

Crash Sensor

Price: \$250

If your cruiser is hit or you crash your car, this sensor will automatically turn on the video system and capture the 3 minutes prior and during the accident. A "G" will be displayed on-screen showing the crash sensor has activated. Potential savings of claims and insurance are dramatic.

GPS Interface device

Price: \$250

Global Positioning Satellite interface device gives you latitude, longitude and Speed of the police vehicle. The GPS device automatically corrects time date using NASA satellites for the most accurate time date.

Rear Seat Suspects Covert Microphone

Price: \$149

Built into every MDE system is a rear seat covert microphone jack. Use the microphone to listen into suspects conversations or simply collect evidence. On the side of the Touch Screen monitor, there is an ON/OFF switch for covert recording.
